THE CENTRAL SCHOOL.

The Midsummer Examination and Presentation of Prizes to Pupils.

List of Promotions and Prize Winners—The Pupils Assemble in the Grounds.

The presentation of prizes to the successful pupils at the late High School Examinations this morning was one of the most pleasing gatherings it has fallen to our lot to witness. Punctually at 10 o'clock the various classes were mustered beneath the large shed in the grounds and formed in close column of classes. The tap of the drum caused the hum of busy voices to cease almost with military precision. All was attention and the roll of the successful ones commenced to be called over. Old Sol, however, taking it in his head to show his countenance, the pupils were marched to the ground in front of the School House. Young Victoria was a sight worth seeing and a credit to any community. The Hon. John Robson presented the various prizes to the senior classes. The Ven. Archdeacon Scriven that of the junior girls, and the Rev. McLeod to the junior boys. The Superintendent of Education, Mr. Pope, from beneath the friendly shade of an umbrella, administered a few words of approbation and admonishon when reading the roll of marks for proficiency.

A large number of ladies and gentlemen were present, amongst them were Hon John Robson, Supt Pope, Inspector Wilson, Mayor Grant, Rev Donald Fraser, M A, Archdeacon Scriven, Rev P McF McLeod, Rev Dr Reid, Trustees Heisterman and Wolfenden, Surveyor-General Gore, Mrs Caldwell, Miss Keast, Mr. and Mrs. Bland, Mrs Gibbs, Miss Armstrong, Miss Gowen, Misses Storey, Mrs Lormier, Miss Horton, Miss Wolfenden, Mrs Workman, Mrs Kermode, Mrs Ure, Miss Forrest, Miss Cameron, Mrs Powell, Mrs Edwards and a number of others.

After the presentation of prizes the scholars were addressed by Hon. John Robson, Supt. Pope, Rev. P. McF. MacLeod, Archdeacon Scriven and Mayor Grant.

The Governor-General's medal, presented for competition between the boys and girls' department was won by Charles R. Carlyle.

A. Baker was awarded a prize for passing first into the Senior Division.

Trustee Dennis R. Harris presented a silver medal for mental arithmetic, which was won by Charles R. Carlyle, who received the highest number of marks obtainable.

C. N. Winsby received the prize awarded by Rev. Dr. Reid for writing.

Walter Gibbs, the young man who stood at the head of the High School at the Christmas examination, again occupied that enviable position.

At the conclusion of the address the boys gave three cheers for the teachers and dispersed.

WILL APPEAL THE CASE.

Montreal, June 25—The trustees of the Southeastern railway are going to appeal the decision in the suit of the Ontario Car Co. to the Supreme Court, and it is likely the case will be taken to the Privy Council.

Judgment in an interesting jilted suit was rendered by Judge Loranger this morning. A young man named Deermarais paid attentions to a young lady, Maillet, and in the expectation of approaching marriage made her several presents consisting for the most part in kitchen utensils. The girl, however, married another, and the young man then took seizure of the presents he had given her. The seizure was maintained but the husband of the young wife filed an opposition to the proprietor in his capacity as *chef de communauté*. The Court held that the husband had no claim on these effects, which evidently were given with a provision for a future marriage. The opposition was dismissed.

FIRE IN THE C. P. R. TELEGRAPH OFFICE

About 5:30 Saturday morning the night operator in the head office of the Canadian Pacific Telegraph Co. noticed a blaze in the switchboard. Before he could give the alarm the fire had assumed big proportions, but soon was checked by the fire brigade. Not, however, before most of the instruments were destroyed. General Manager Hosmer was soon on hand and with his accustomed energy had the work of repairing under way and in a few hours the wires were working satisfactorily again. It was lucky the fire did not happen before Friday, that day having been the heaviest business day in the history of the company. Over 10,000 words of press dispatches were transmitted to Chicago and San Francisco via Montreal. The loss is about $1000, cause unknown. It is believed to have been an electric light wire crossing the telegraph.

UNITED STATES NEWS.

A DISASTROUS FIRE IN NEW YORK.

New York, June 25—A fire was discovered this morning in the five-story building extending from Thirty-eighth to Thirty-ninth streets on First avenue, occupied as a cigar factory by several firms. The flames gained rapid headway and soon the wall fronting on First avenue fell. Tenants are moving from the surrounding buildings. The water supply gave out and the fire boats were summoned. If more water is not soon obtained a disastrous conflagration is certain.

A FATAL YACHTING PARTY.

Newark, N. J., June 25—The yacht Olivette capsized in Newark bay yesterday and of the party of young people on board five girls and one man were drowned.

A BIG RAILWAY DEAL.

Baltimore, June 26—Geo. M. Pullman has concluded the purchase of the entire Baltimore & Ohio Railroad sleeping car system, including the contract for the operation of the Pullman cars for twenty-five years. The price paid is about $1,200,000. This goes into effect to-night.

THE REPUBLICANS' CHOICE.

Chicago, June 26—A meeting of the committee of the Republican National Convention, which is to notify nominees to the Presidency and Vice-Presidency of the action of the Convention was held this morning. Morris M. Estee was made chairman and Captain John C. Dougherty of Tennessee, Secretary. On motion of Governor Rousis of Arkansas, the time for notifying candidates was left to the discretion of the chairman. Chairman Estee then decided that it would be a very appropriate time to notify Gen. Harrison of his nomination at noon on the 4th of July. The committee then adjourned to meet again at 10 a. m. on July 4th, at Indianapolis.

CONGRATULATORY MESSAGE.

Indianapolis, June 26—Gen. Harrison received the following telegram late last night:

"Lisilithgow, Scotland, June 25—Gen. Harrison, Indianapolis: I congratulate you most heartily upon the work of the National Convention. Your candidatecy will recall the triumphant enthusiasm and assure the victorious conclusion which followed your grand-father's nomination in 1840. Your election will seal our industrial independence, as the declaration of 1776, which bears the honored name of your great grand-father sealed our political independence.

JAS. G. BLAINE."

CABLE NEWS.

GERMANY WANTS PEACE.

Berlin, June 25—The Reichstag opened to-day with pomp and brilliancy. After divine service in the court chapel the Emperor was escorted with great ceremony to the white hall of the old castle, where he declared the session open. Throughout his speech the Emperor dwelt upon Germany's pacific disposition. He said his policy will be aimed solely to ward off attack, not to attain military glory. The Empire, he declared, desires peace with all nations.

A BOLD, BAD THIEF.

London, June 25—A thief entered the Crown Prince of Sweden's apartments in a hotel at Franzenbod Saturday night and secured jewelry worth $100,000 and escaped and has not yet been caught.

SANK WITH ALL ON BOARD.

London, June 26—The steamer Plymouth arrived last night from the Cape of Good Hope. While off Cape Aquihas on the night of June 3rd, in a terrible gale, she saw a large sailing vessel in distress; believed she was loaded with emigrants. The Plymouth was unable to render her assistance. At daylight the vessel was missing. It is supposed she sank with all on board.

BLAINE AND HARRISON.

Linlithgow, Scotland, June 26—The news of the nomination of Gen. Benj. Harrison, Indiana, for President of the United States, by the Republican National Convention, at Chicago yesterday, was received here at 9 o'clock last night. When the telegram announcing Harrison's nomination on the 8th ballot, was handed to Mr. Blaine, he cheerfully said "a good nomination;" and turning to Mr. Carnegie, who was present, asked what do you think of it? "It's good; just what I expected" replied Mr. Carnegie. Mrs. Blaine felt pleased that Harrison had been selected out of all the representatives. She said, "I am glad it is over. I know Harrison is a good man; he comes of a fine family. He has a very good record as a public man. I would have liked to have seen Mr. Blaine nominated, if it could have been done unanimously; but not otherwise. Mr. Blaine did not desire to be a candidate." Shortly after the receipt of the news a message of congratulation written in a hearty spirit was dashed off by Mr. Blaine and cabled to the nominee. Mr. Blaine thought it would not be civil to Mr. Harrison to give out this telegram from this side, knowing full well it would be promptly given out for publication upon its arrival. Beyond this dispatch of congratulation Mr. Blaine did not care to add anything to his first in praise of the good nomination.

COLLISION AT SEA.

London, June 26—The British steamship Tynemouth Castle and the Red Star steamship, Nordland have been in collision. The Nordland was bound from Antwerp to New York. She is believed to have Mrs Folsom, mother of Mrs. Cleveland among her passengers. The Tynemouth Castle is badly damaged. She has put into Southampton in a sinking condition. The extent of the Nordland's injuries are not yet known.

PERSONAL.

Miss Rankin, of New Westminster, is visiting friends in the city.

Messrs Austin and William Shand, F Cope and D B Palmerstone, Simcoe, Ont, are at the Oriental.

Mr Wint B Ross, of Cambridge, Penn, brother to Mr Dixi H. Ross, is in the city, and will remain a few months.

Senator Sandford, of Hamilton, who proposed visiting British Columbia this summer, has left for Switzerland with his family, where they will remain till October.

Messrs Christoper Robinson and B B Osler, Q C's, of Toronto, C Holmstead and W L Hogg, counsel in the C P R arbitration case, arrived from the east by way of the Sound last night and left for Vancouver this morning.

The Circus Coming.

Mr. H. L. Vanderbilt, contracting agent for S. H. Berrall's circus, is in the city and stopping at the Clarence. This circus is the famous Cole's circus reconstructed, and has the great P. T. Barnum at its back. It is therefore perhaps the "greatest show on earth," and requires four rings to display all its attractions within the space of two or three hours. The combination is en route to Australia, and the management have chartered the steamship Nicaragua to carry them across the Pacific. It will appear here four days from the 23rd to the 27th July and will sail from this port for Australia about the 8th of August, taking in the Hawaiian Islands and New Zealand on the voyage. After the termination of its engagement there, it will return to America via India and England. Some conception may be obtained of the size of the concern when it is stated that it has 200 people and 30 elephants. The contract for supplies during its stay in Victoria has been awarded to Van Volkenburgh Bros.

From the North.

The steamer Barbara Boscowitz arrived from Port Simpson and way ports this afternoon. Amongst the passengers were Rev. Mr. Stephenson, from Metlahkatla, Mr. Clayton, from Bella Bella, and fifty Indians to work at Mr. Ben Young's cannery on the Fraser River. Two members of the Christian Temperance co-operative colony came down on the Boscowitz. These gentlemen have been spying out land on Queen Charlotte Island for a colony of unemployed Englishmen. The salmon run has commenced on the Skeena and the steamer brought down 1100 cases from the cannery of the B. C. Packing Company. At Alert Bay a fair run of salmon has commenced and the Alert Bay Packing Company had put up 250 cases when the Boscowitz left. Everything is quiet along the coast.

Another Pioneer Gone.

Last evening Mr. John Harris, an 1858 pioneer, passed peacefully away in the presence of his family, at his residence, Fort Street, in the 60th year of his age. Deceased was a native of Wales, but lived for some time in California prior to coming to British Columbia. Here he carried on the business of butchering for a number of years, and successfully. It was here also that he married and raised his family. For some years he worked his farm on Cedar Hill, and in that line also made his operations profitable. He afterward removed to the city, where he resided for the last ten years. Of late he complained of ill health, but not until the last few months did his case assume a serious aspect. He leaves a widow and a young family of boys.

The Bairnsfathers.

New Westminster, June 26—The Bairnsfather family played here last evening in the Oddfellows Hall to a crowded house. It was the best Scotch concert ever witnessed in this city or the province, and was an unqualified success. Many well merited *encores* were extremely well rendered. Mr. and Mrs. Bairnsfather leave behind them a reputation that will never die and "twa mair hours in auld Scotia" will be much appreciated should they ever return to this city. They give a benefit to the public library this evening.

Supreme Court.

In the Supreme Court to-day, before the Chief Justice, the suit of McLennan & McFeeley vs. Gilmore & Clarke was heard. Plaintiffs sued for $446.14 for work on contract on defendants' building at Vancouver. Defendants set up a claim for demurrage on incompletion of building, and were allowed 116 days at $10 per day. Judgment was rendered in the plaintiffs' favor for $55 and costs. This was the sum due the original contractors, Gilles & Finlay. Messrs Drake & Co., for the plaintiffs, and Mr. Hett for defendants.

Lieutenant-Governor Nelson and Mrs. Nelson will return from Harrison Hot Springs to-night.

VICTORIA DISTRICT.

The fight in Victoria District is evidently an unequal one for the Government candidate, whose approaching defeat is becoming more apparent as meeting after meeting, "with no uncertain sound," pronounces in favor of the People's Candidate. Becoming alarmed, the Government have sent Mr. THEO. DAVIE to the rescue, to repeat verbally to the electors the iniquitous arguments which have been used by the organ of the party. The Government dare not leave the issue to the candidates and the electors, for they know that without the financial assistance they are accustomed to accord to their supporters, Mr. TOLMIE could not possibly obtain a dozen votes. We feel convinced the electors will be proof against the sophistry of Government missionaries and the allurements of road bosses, and that Mr. MCILMOYL will be elected by a respectable majority. His undoubted superiority over the Government nominee is admitted even by his opponents, whose only plea is that Mr. TOLMIE will vote as Mr. ANDERSON directs him.

THE PRESS AND THE PULPIT.

The Rev. Dr. TALMAGE, the celebrated Brooklyn Presbyterian Divine, a couple of Sabbaths ago, in the course of his sermon, said some very sensible things about the necessity and advantage of the pulpit and the press working harmoniously with each other. There is no good reason why they should not, and when it is otherwise some one is seriously to blame. The better and more influential part of the press in all lands has never sought either to belittle or to counteract the labors of the pulpit, and, upon the whole, the same thing may be said of the abler and more energetic section of the pulpit in its relation to the press. Sometimes a weak and pretentious preacher may affect to despise the newspapers, and may say that he is quite insensible to their criticism. But this is the exception, just as is the charge of sensationalism and falsehood. The pulpit and the press has each its own sphere, but they are, or ought to be, working for one common end, and in doing this they can greatly help each other, and cannot hinder without some one being greatly at fault. Let each keep to his own work in his own way, but with the mental and spiritual good of the people constantly in view, and the result will be satisfactory all round. Neither has any occasion to speak patronisingly or with contempt of the other. The press reaches far beyond the pulpit's widest limit. Let them then co operate with each other according to their several opportunities and ability in exposing the false and helping forward the right and the true, and the world will be all the better for their united labors.

The Colonist reports Mr. Tolmie's speech at Roland's last night in five lines. It gives one line more to Mr. McIlmoyl. Mr. Theo. Davie's, however, is accorded twenty-four lines, and this is the essence of all he said: "Mr. Tolmie was a young man, born in Victoria district, and the son of a worthy sire, and the fact that he was not experienced in politics was no reason why he should not receive their support."

A wedding ceremony performed under unusual circumstances is reported from Des Joachims, a village on the Ottawa river. A couple living there wanted to get married, and the nearest Protestant clergyman was stationed at Pembroke, fifty miles down the river. He was only empowered to marry people in Ontario, and Des Joachims is on the Quebec side. However, there is a bridge connecting the village with Ontario, and it was decided to have the wedding take place on the Ontario end of this structure. The clergyman journeyed north to the bridge, which was prettily decorated for the occasion, the bride and bride-groom took their places, and the whole village of Des Joachims looked on. Under the bridge the rapids roared so loud that the responses could not be heard, but the knot was tied tightly notwithstanding. After the ceremony the party returned to the village, and a picturesque wedding was followed by the intensely prosaic dejeuner.

A Rich Boulder.

In Tibbals' office on Union wharf, Port Townsend, is a boulder specimen of gold-bearing quartz from Capt Carroll's mine in Alaska, that is perhaps the richest for its size ever brought to light. It is something over two feet across and about a foot thick, and is estimated to contain $500 worth of gold. Indeed, the precious metal can be plainly seen with the naked eye nearly all over the surface of the specimen. It was taken out of the basin underneath a glacier, from one end of the Treadwell ledge. San Francisco parties have bonded the mine at an enormous price, and ten tons of the quartz is being shipped to them in its natural condition. So says the Port Townsend *Argus*.

The Dominion Franchise.

Mr. Edwin Johnson, Revising Barrister for the Electoral District of Victoria, informs us that there will be no revision of the Dominion lists of voters this year, the act having been recently amended to this effect, and that consequently it is entirely out of his power to add any person's name to the list under any circumstances whatever. This explanation is made as some parties seem to think that their names could be registered if Mr. Johnson were disposed to do so.

The Wild Swan.

The Wild Swan, which leaves on Thursday next, will call at San Francisco, Honolulu, Valparaiso, Callao and other ports in the south before proceeding to England, where she will arrive about Christmas.

Children Cry for Pitcher's Castoria.

THE INDIAN QUESTION.

Action Recommended by Toronto Conference of the Methodist Church.

In the Methodist Conference held at Toronto, Mr. J. J. Maclaren presented the following report on the memorial of the British Columbia Conference:

1. That they have considered the Conference memorial, also the report of the Provincial and Dominion commissioners referred to therein.

2. That some of the charges, reflections and insinuations against our missionaries and their work contained in the official report referred to are serious, and in the opinion of your committee ought not to be allowed to pass without being challenged.

3. That while the report bears upon its face evidence of unfairness and unjust prejudice against our missionaries and against our Church; and while your committee have every confidence that our missionaries in that field, as well as in others, have taught the Indians not only their duty to God but also to the Government under which they live, your committee would respectfully urge the General Missionary Board not to allow the missionaries to remain under imputations and insinuations that they have good reason to believe are unjust and unfounded, but to take such steps as may bring out the real facts of the case, and thereby vindicate, as is hoped, the noble work of our Church and the self denying labors of its missionaries among the Indians of British Columbia.

JOHN SHAW, Chairman.

The report was adopted.

When Baby was sick, we gave her Castoria,
When she was a Child, she cried for Castoria,
When she became Miss, she clung to Castoria,
When she had Children, she gave them Castoria.

AYER'S Sugar Coated Cathartic **PILLS.**

If the Liver becomes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to

Regulate

my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. F. Miller, Attleborough, Mass.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Pattison, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with Indigestion, and distressing pains in

The Bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my food digested properly, the sores on my body commenced healing, and, in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with Dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Esling, Richmond, Va.

AMERICAN PARTIES.

The Republican and Democratic Parties Contrasted--England's Sympathies.

The Kamloops Philosopher Presents Two Realistic Pictures for Inspection.

English newspapers are experiencing great satisfaction over the nomination of Grover Cleveland for President of the U. S. If there is anything which tends to excite the wonder of people acquainted with the moral and mental characteristics which distinguish the respective political parties of the U. S. it is the partiality of the English for the democracy. Why Englishmen should so sympathise lies beyond the ken of human reasoning, unless it is because the democracy of the States represent the disintegrating forces, and hence is less liable to prove formidable either in a commercial or military sense. Let us proceed to analyze the democracy, and see of what it is composed. In the Northern States it is composed chiefly of aliens, Irish, French, Germans, and such Americans whose education has been neglected and whom God in the first place failed to provide with a complete set of moral and intellectual attributes. Out of this heterogeneous mass five million homogenous Irish come up panting for a whack at John Bull. The Democratic party never did, nor does not now, represent free speech and free schools, neither does it represent any commercial interests worth mentioning. The Democratic party represents the prize ring and whiskey, derringers and ignorance, bigotry and fraud, and the superlative egotism of savages. For every Irishman voting the Republican ticket, I will give an Englishman five dollars if he will give me a "short bit" for every Irishman voting the Democratic ticket, and yet the English are ready to fall on the democratic neck and slobber there *ad nauseam*. What shall we say of the democratic party of the south? Why they are refined tigers, proud, intolerant and pugnacious. Free speech has never flourished in the south, nor until after the war did free schools. The Democratic party of the south has always been the war party of the States. It is today, and in case of war with England it will be through Democratic agency. We all know what the word democracy means, but as exemplifying democracy in the States it is a misnomer. To perpetuate slavery, and to turn a political abstraction (States rights) into an entity the southern democracy shed its blood in torrents. Nor are these moral and political heresies yet extinct; we have their fearful realization in "shot gun rule" and a "solid South." Democracy is the reverse of aristocracy, and yet a prouder aristocracy does not exist than in the Southern States. Of what is the Republican party composed? It is composed of the intelligence of the United States, of reformers, of church goers, of men who would extend political liberty to all; of free school advocates, and religious tolerance. In the Republican ranks stand shoulder to shoulder statesmen and philosophers, clergymen and lawyers, professors and journalists, and the brightest and best of the laboring population, of English and Scotch descent—recollect English and Scotch descent. The ancestors of these men resisted taxation without representation; they fought against the principle, once an English subject always an English subject, on the strength of which American sailors were stolen on the high seas, and it may be added that all true Englishmen are now proud that they done so. The Republican party is the moral party, the party of ideas, the onward and upward party, in all matters tending to accelerate the progress of civilization. Of statesmen, philosophers, reformers, authors and journalists in the United States, how many are Democrats? How many influential Democratic newspapers are published in the United States? They may all be counted on the fingers of one hand. It is remarkable, to say the least, that men of high moral and intellectual attainments are invariably Republicans. Now, considering that the intelligence and wealth and peace-loving, law-abiding element of the United States is arrayed on the side of the Republican party, wherefore these grateful expressions of English newspapers over the nomination of a Northern "Copperhead" for President—a man who would have surrendered flags purchased with blood, flags which symbolized the wickedest political conspiracy the world ever knew. However, we do not ask England to take cognizance of this phase of the matter. Cleveland represents somewhere between six and nine millions of England's hereditary enemies. This should be enough for Englishmen. Englishmen are wrong. They love liberty themselves, but their prejudices and their jealousies hinder them from catching on to the genius of the Republican party. On their own side of the water they hate the Celts, but on this side they hurrah for them. We admire the English for their splendid pluck, but we deplore their hide-bound obtuseness. God forbid that England and the United States should ever clash to the extent of burning powder, but in the event of that time coming the first army England will have to thrash will be an army of Democrats.

IRVING.

FROM SOUTHERN KOOTENAY.

Latest From Fort Steele--Removal of the Mounted Police--Local Gossip.

[From our own Correspondent.]

FORT STEELE, June 18—Within the last few days orders have been received from Ottawa instructing Major Steele to withdraw Troop D from Kootenay. This action on the part of the Dominion has caused a feeling of alarm and uneasiness throughout the district. The general feeling is that before six months, owing to the attitude of the Indians and the bitter feeling that exists towards the whites about the land, the troop or some military force will return to the district. We understand that Col. Baker and the member for the district, Mr. Mara, protested against their removal, but their protests were unheeded. Their removal is owing to the fact that the local government has refused to pay any part of the expense of their maintenance here. Should any trouble arise the Dominion and Local governments must be held responsible. It is generally admitted that the district should not be left unprotected. The Troop goes to Macleod via Crow's Nest Pass, and will march on the 10th of July. The Messrs Galbraith's trains will pack them through. The men are in the best of health and spirits and regret their leaving British Columbia. Major Steele, during his stay in the district, has maintained law and order, and several times, by his admirable management, has prevented serious trouble between the whites and the Indians, and has earned the respect and esteem of both. He bears with him the good wishes of all and unkind feeling from none. His uprightness of character, his kind and courteous demeanor have won the respect of all. His departure is universally regretted. We are pleased to learn that in recognition of the valuable services rendered by him both governments will, in an appropriate manner, recognize his services.

Fort Steele will not be abandoned; it will be placed in charge of Constable Dennis, of the Provincial police, who will act as care-taker pending a decision about sending some other military force into the district.

I am pleased to state that there is no truth in the report that Mr. Phillips had resigned; he is busy superintending two water ditches that are to bring water on the Indian reserves.

Col. Baker has just returned with the new superintendent of the Perry Creek mine.

Mr. R. L. Galbraith leaves for the Northwest with troop D, but will only be away for a short time.

The stage makes weekly trips between Windermere and Fort Steele, so that the Kootenay people now enjoy a more frequent mail.

The Rev. Mr. Macdonald, Presbyterian minister, held service last Sunday at the Fort. He had a fine congregation and was attentively listened to by all. He is an earnest, impressive preacher.

A grand time is expected at Fort Steele on the 2nd of July, when the natal day of the Canadian confederation will be celebrated with *eclat*. Racing, running, sports and games of all kinds will be indulged in, and a general holiday will be observed. Major Steele has kindly consented to allow his name to be used as patron. A good working committee has been appointed. The games, etc., will be under the direction of Major Smart.

MARVELOUS WORKS.

People Cured by the Wonderful Electro-Magnetic System, as Practiced by Drs Darrin.

Many columns of this paper could be filled with accounts of cures performed by the Drs. Darrin, substantiated by highly eulogistic testimonials from grateful patients.

Attention is called to a few of the following

(The Drs. Darrin also have a branch office at 235 Fifth street, Portland, Or., where any in that vicinity can consult them.)

An Explanation.

What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word Malaria was comparatively unknown—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and Malaria are intended to cover what our grandfathers called Biliousness, and all are caused by troubles that arise from a diseased condition of the Liver which in performing its functions finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous. *

Hospital Meeting.

The general committee of the Royal Jubilee Hospital met at 10:30 a.m. to-day, Mr. T. R. Smith in the chair. The amount of the collections for the year were reported at $18,100, leaving a deficiency of $1,900, which sum was promptly subscribed in the room, thus enabling the treasurer to apply for the government grant of $20,000 at once. The success of the undertaking is thus ensured. The chairman explained the difficulties under which they were placed by the withdrawal of the tender of Smith & Clark from the contract, their excuse being that the lien act was too onerous. A sub-committee of four doctors was appointed to consult with the architect to ascertain how far the present plans could be modified so that the building would cost not more than $35,000, to report to the building committee at 4 p. m. next Tuesday.

Great Was the Fall Thereof.

At noon to-day a number of old, dilapidated buildings, situated over the ravine at the north-west corner of Government and Johnson streets, and in rear of the Germania Saloon, tumbled down from old age with a great crash. The shanties being old it was supposed they were inhabited by no one. Shortly after the collapse took place a Chinaman was observed crawling out of the *debris* with his garments torn and tattered; his face, not an inviting one at best, was besmeared with blood, which flowed from a severe scalp wound. The poor creature remained in a helpless state for some time. A white laborer went to his rescue and got him out of danger's way. Stimulants were administered and in a short time the injured Chinaman was able to move about. His own countrymen looked on with a stoical indifference. From another portion of the ravine came another Mongolian, but beyond a bad fright he was uninjured. The police should set about it and pull down all shanties deemed dangerous to life and limb.

OUR TOWN MAJOR.

Suggests a Million Dollar Loan—Scotsmen's Pibroch, &c.

The soul stirring pibroch o' the warlike Gael now floats gently on the evening breeze, and will no doubt wax stronger as the 4th approaches. To lovers of music it's a change anyway from the Salvation drum. "Music soothes the savage breast." However, there's no accounting for taste. "A skirl on the pipes" is the same to the "sons of 'auld Scotia" as the "Ranzdesvatches" is to the Switzer. It has led them "to do or die" 'ere now on many a well fought field, and will do so again and again till nations learn to war no more.

Yes, Mr. "Briton," "it's death or drainage;" that's the question, and no mistake. How can there be anything else expected but death and disease where water closets are by the bunch of threes and fours together without any outlet for drainage, within a few yards when people eat, sleep and drink! and like the Ægean stable, cleaned once in—we'll say seven years—although "The Major" was informed that eight or nine was about the average! Is there any sanitary inspector or regulations, board of health or otherwise? If so they need stirring up with a long pole. What's the salary for doing nothing?

The Major hopes that some live man of the city council will, at next meeting, have the Titanic courage to propose a good solid loan of say a million, instead of the two-pence half-penny loan of sixty or seventy thousand dollars. The preliminary expenses are all the same, and by the time the net balance of the loan reaches the city coffers it will be so reduced, by legal and other little charges, that even its most intimate friends and acquaintances won't know it, not even its very parent. A couple of the usual inevitable Victoria corporation injunctions will wipe it out of memory altogether. Let this million be for the following services: drainage and sewerage, $200,000; streets and sidewalks, $300,000; a new city hall of architecture and grandeur in keeping with the wealth and importance of the City of Victoria, $.50,000; improvement and beautifying of Beacon Hill park, re-building James Bay bridge, or in some way making it presentable $250,000. This accomplished turn the present city hall building and site into a market, one of the most needful institutions to any town of pretensions. Then will Victoria be enabled to lay claim to be classed with the cities of the Dominion. Who will be the Titan? Don't all aspire at once; the position is unenviable and unthankful, at least as far as public opinion stands at present. A few years hence the proposer of such a scheme will be looked upon in a different light altogether.

THE TOWN MAJOR.

HARRISON AND MORTON.

The Republican and Democratic Candidates now before the People.

The American National Republican Convention, on Monday, after several ineffectual efforts to select a candidate for the Presidency of the United States, dropped all the other names and unanimously adopted that of Benjamin Harrison of Indiana as the nominee of the Convention. Blaine had positively declined to be a candidate. There was not the least chance for either Sherman, Algier or Gresham carrying the Convention. Harrison had polled a good vote on the several ballots taken. That he was the strongest man before that great political gathering is evidenced by the fact that his final nomination was made unanimous over all his rivals. Mr. Harrison is reported to be a man of more than average ability. He is eminently a self-made man and has always identified himself with the Republican party. He removed to Indiana in 1854, when at the age of 21 years. He then was poor in purse, but rich in resolution. No one ever heard him make the first reference to his ancestors. Self-reliant he mounted the stirrup. The hospitality of his ancestors had given their property to those whom they had served. The core had gone to the people, the rind to them and their families. He received, indeed, something from their talents, their integrity, their fitness for public trusts, and what to some would have seemed a misfortune, but to a heart so stout as his was the highest good fortune, he received from them the inestimable legacy of penury. Upon his arrival in the State he entered at once upon the practice of law, and immediately achieved success. The Republican candidate for a time served in the Union army during the great civil conflict of 1861-4. He is regarded a soldier as well as a statesman by his fellow citizens. His ancestors were illustrious, at least so we glean from the following quotation from the speech of his proposer at the Convention. "The "old War Governor, hero of Tippecanoe, "having left Indiana in 1813 to enter a "larger field of activity, the people did "not forget the inestimable services "which he had given them, and when, "twenty-seven years afterward, he was a "candidate for President of the United "States, Indiana, though a Democratic "State, gave him a majority of 14,000 "votes. He died a month after he entered upon his great office, but not the "memory of his services, which will ever "remain fresh and imperishable. And "now to-day in Indiana, among the people, estimating highly the character "of General Benjamin Harrison and "holding in affection the memory of 'Old "Tippecanoe,' the latch-strings of the "people are hospitably out to you and "their doors are waiting to fly open at "your touch to let in the joyful air that "shall bear upon its wings the message "that Benjamin Harrison, their soldier "statesman, has been nominated for "President of the United States."

The same speaker, ex Governor Albert G. Porter continuing said: "When in 1880 Roscoe Conkling visited Indiana to take part in the memorable campaign of that year, he was asked on every hand, "How will New York go at the Presidential election?" "Tell me," replied the great orator, "how Indiana will go in October, and then I can tell you how New York will go in November." In October Indiana's majority of nearly 7000 for the Republican candidate for Governor informed the country how she would go, and in November New York and the nation repeated her October voice. Indiana is no longer an October State, yet in 1880, and now in 1888, she seemed largely to hold the key to the position. She is always regarded as being a close State, but when the Republican party is thoroughly organized, when it has done the preliminary work of the canvass well, and when its spirit is kindled into flames, Indiana seldom fails to elect Republican candidates. She has never been better organized for a successful Republican contest than now; the preparatory work has never been more complete and thorough, and the Republican masses seem never to have been more highly roused and eager for the struggle. Give General Benjamin Harrison your commission to lead them, and they will immediately fall into line and press forward with enthusiastic confidence to victory. The convention that lately met at St. Louis disappointed the Democracy of Indiana by refusing to place an Indiana candidate on their ticket. There is a tide in the affairs of parties, as well as of men, which taken at its flood leads on to fortune. The present condition of Indiana is the Republican party's opportunity. Why risk shipwreck on any shallows when a full and welcoming sea invites your sails?" He has received the commission to lead his party in the presidential contest. Naturally ardent Republicans are not apprehensive of the result, they are certain that Harrison will capture the whole House on the 4th of next November.

The nomination of Levi P. Morton, one of the stalwarts of the Empire State, was made unanimous for the office of Vice-President. Mr. Morton has been a public man in the State of New York for many years. He has always taken an active part in the discussion of American questions. His character is unsullied, and he is in every way a strong candidate. That he will carry a heavy vote in New York is certain.

Both parties have now their candidates in the field. Cleveland and Thurman form the Democratic ticket; Harrison and Morton the Republican card. The pivot question will be the tariff, and on that subject there will be a vast amount of discussion. The Democrats favor a revision and a reduction, so that the revenue and expenditure will about equalize each other. To Canada, especially British Columbia, the success of the Democrats will be a great advantage, as the policy of that party lies in the direction of admitting Canada's natural products duty free. The Republicans are strong protectionists. Their policy is to exclude foreign goods and articles, be they of manufactories or the products of the soil. This is the great dividing line with the two parties.

Growing Tall by Exercise.

Exercise is generally taken without any direct reference to the increase of height. Thus it often happens that the gymnastic feats chiefly indulged in tend rather to check than to increase the rate of growth. This applies particularly to the lifting of heavy weights, the use of large dumb bells, involving comparatively slow movements, and all exercises which tend to increase the supporting power of the spine and the leg bones, even though they may be exercises primarily directed to increase the muscular power of the arms. Pulling exercises, though they tend to increase the development of the arms in length as well as in girth (round the forearm chiefly), do not on the whole favor the development of length of limb. Sailors, who from boyhood upward are much employed in pulling and hauling, are on the average short men, though often the development of strength and weight resulting from their active open air lives is remarkable. We see oftener among them than in other classes brawny chests, shoulders and upper arms in company with lower limbs which by comparison appear almost stunted. On the other hand, men engaged in hunting, or in occupations requiring much walking, running, leaping and the like, acquire well developed lower limbs, and are on the average taller than other classes.—Professor Richard A. Proctor.

Might Be Much Worse.

Col. Stevens, U. S. Consul returned from San Francisco yesterday. The safe of his office was at once opened, its contents examined as well as all the papers, which had been carefully prepared and laid aside in proper order by the young man Francis, who left the city somewhat hurriedly. The Col found everything in perfect order. Prior to going away Francis wrote out a receipt for his month's salary as a volunteer to be sent to the department. Loose change, coin and other valuables were found in the safe. These Francis could have taken with him had he wished. Col. Stevens speaks in the warmest terms of praise of his assistant. Can only assign as a reason for his going away that Frances had been gambling; had fallen behind, and had borrowed money to make good his losses. He is highly and respectably connected in the east. No trace as yet has been discovered of his whereabouts.

Cupid Again.

The little bird who keeps THE TIMES posted on certain little interesting events which occur from time to time, informs us that a young lady whose parents reside on Paddock street and a young gentleman whose home is on Fort, will shortly join their fortunes "for better or worse so long as ye both shall live."

Tenders Wanted.

Mr. S. Buttress Trimen is asking for tenders for the erection of a brick store, two warehouses and a new building on the site of the old California saloon, Johnston street and Waddington alley, for Mr. Leclaire.

Cupid's Work.

Mr. W. H. Pennock and Miss Clara Bridgman will be united in marriage this (Tuesday) evening at 8 o'clock at Calvary Baptist Church, Herald street. Both are well known in this city and have the well wishes of their numerous friends and acquaintances in their wedded life.

Peterson and O'Connor.

Peterson will challenge O'Connor to row on Shawnigan Lake for $5,000 a side.

Matthew Thompson, boat builder, of Hamilton, was found dead with his neck broken at the foot of a cliff fifty feet high. It is supposed he lost his way in the dark and fell over.

VICTORIA THEATRE.

The Bill of Fare for This Week—Attractive Programme.

Among the attractions announced in the Victoria Theatre the first to appear is the Patti Rosa Company, which opens to-night in Fred Marsden's comedy of "Bob." "Bob" is a drama, with specialties introduced for the benefit of Patti Rosa, and is worth hearing for itself, as the plot is well worked out in accordance with recognized dramatic canons, although it owes its success to the young lady who takes the title role. Unless all signs fail, the engagement should be thoroughly successful, as it well deserves to be. Seats at Waitt's.

The Hicks-Sawyer famous colored minstrels will appear for one night only, on the 29th. The Winnipeg *Free Press* says of this company: The strongest feature of the performance is the singing. Several of the members of the company have superb voices, notably the basso, Mr. Wm. Johnston, whose deep and resonent voice is heard to great advantage in the well-known song, "A Hundred Fathoms Deep." The tenor of the company has also a voice much above the average; and the singing by the sextette, King, Downs, Jackson, Speed, Thomas, Johnson, of a collection of popular melodies, was a great treat.

The Bairnsfather Family—Scottish vocalists—appear on 30th June and 2nd of July, and no doubt it will be to packed houses on both occasions. Their performances will be under the auspices of St. Andrew's and Caledonian Society, which is a guarantee of success. The Bairnsfathers are considered by many lovers of Scottish melody equal to the famous Kennedy family, whose fame is as world-wide as the habitations of the ubiquitous Scot is universal. For this entertainment the saying about the early bird and the worm ought to be kept in mind when the possibility of securing a seat is being considered. The house is certain to be full.

Mr. Bairnsfather has an excellent voice, and sang with feeling and power, both as a singer and teller of Scotch stories it is hardly going too far to say he is fully equal to the famous Kennedy. Indeed, in some respects he is even superior. Miss Bairnsfather has a melodious pure and sweet soprano voice.—Toronto Globe.
